When you purchase the **Calculus JEOPARDY** game, you receive the following by download:

- The large screen versions of JEOPARDY, Double JEOPARDY, Triple JEOPARDY, and BC Triple JEOPARDY
- The “engine” that brings up the screens. The game will work on Windows or Macs. It requires the Internet to be active.
- The Small Type version that students can do at home. The Small Type version uses about 10 pages for all 30 problems within a JEOPARDY version and are in PDF format.
- The Solutions (PDF) for each version. The solutions for each version usually take up about 10 pages.
- The Scorecard that charts money won and percentage of questions answered correctly using color coding. This is an Excel file.
- Instructions and suggestions on how to play the game.
